This three-week travel study program provides students with a broad international perspective on how other cultures deal with sexual and reproductive health issues.

We will visit sites in London, England, Amsterdam, The Netherlands, and Stockholm, Sweden and compare how these countries deal with issues such as teen pregnancy, contraception, abortion, sexuality education, and public policy issues related to HIV/AIDS, sexual orientation and prostitution.

Special lectures, field trips and on-site briefings will provide the opportunity for students to question assumptions about culture and sexuality, and to learn from societies that have different solutions to similar problems.

Travel will take place May 15 - June 2, 2016.

Cost: Three credits of spring tuition, plus $4,250 program fee
A valid passport and proof of appropriate health insurance is REQUIRED.
Prerequisite: CHF 351: Human Sexuality and permission.

Interested students should contact Sandra Caron by November 25, 2015 for an application.

For an application, contact::
Sandra L. Caron, Ph.D.
Professor of Family Relations/Human Sexuality
